Subject: High Ozone and FIP - Uinta Basin

Hi Mike – We here in Region 8 have set up a meeting with OAQPS for February 14th to discuss the high winter-time ozone levels recently monitored in the Uinta Basin and to get input on how to proceed with the existing source FIP that OMB returned on January 23rd. We will send a briefing paper on February 13th to inform our discussion. Thanks.

Monica S. Morales
